

# Pam Bilbrey

Principal Consultant, The Table Group

President, Bilbrey & Associates

Whether facilitating a team session, conducting a workshop or delivering a keynote address, Pam brings her passion and enthusiasm for achieving extraordinary results and lasting transformational change to every client interaction. She has a unique ability to quickly and effectively apply the concepts of organizational health in real and practical ways that solve complex problems and drive immediate results. Her clients span a broad spectrum of industries, including healthcare, financial services, technology, manufacturing and public sector agencies.

Pam has authored three books, including *Ordinary Greatness: It's Where You Least Expect It...Everywhere*, and dozens of articles on high performing organizations. Over 20,000 executives across North America and Europe have participated in her workshops. She has been featured on PBS and National Public Radio.

Prior to partnering with The Table Group, Pam spent over 20+ years in executive leadership positions. Her experience includes President of the Leadership Institute focused on employee engagement and customer service and as SVP for Baptist Health Care where she lead efforts that resulted in recognition as a Fortune "Best Places to Work" and a Malcolm Baldrige Quality Award recipient. She has been named one of the Top 100 People in Leadership Development. She holds a MBA from The University of West Florida and a Masters in Psychology from Florida State University.

Pam lives with her family in beautiful Pensacola, Florida and spends a significant portion of her time in the Atlanta, Georgia area.

## Endorsements

"Upon meeting Pam and immediately feeling her energy and enthusiasm for maximizing others potential, we knew she was the coaching asset we needed to move us forward. Pam's tools, examples and experience has allowed us to achieve a level of performance we could have never reached without her. She quickly became a part of our organization and the wind in the sails of our strategy."

—Rick Napier, CEO, Magnolia Regional Medical Ctr

"Over the past 20 years I have had the opportunity to work with a number of executive leadership consultants and consulting firms, but many times found their insights to be too superficial or theoretical. Pam Bilbrey possesses deep practical experience as a sr. executive and is also highly competent in applying cutting-edge research to building great teams and culture. Pam has made a huge impact at Bomgar over the past 9 months we have been working together, and I look forward to continuing our work together as we grow and scale our business."

—Matt Dircks, CEO, Bomgar
